Heavy-Duty Workhorse
for the Ultimate in Utility.

RANGER CREW™
100% RANGER,
with Seating for 6.

NEW RANGER XP™
Extreme Off-Road
Performer.

THE YEAR OF THE RANGER.[™] AGAIN.

Ten years ago, the Polaris® *RANGER* took the off-road world by storm. It was so hard-working and so smooth-riding, it moved the entire Side X Side industry forward. Get ready, because it's doing it again.

For 2009, *RANGER* utility vehicles have hot new styling; easier steering; more comfort; more storage; and more hard-working, smooth-riding features than ever. And this year, *RANGER* goes one heavy-duty step further with the all-new *RANGER HD*.

On the sport side of Side X Sides, the *RANGER RZR* is still boiling-hot. But that didn't stop us from dialing up the ride another notch. Introducing the all-new *RANGER RZR S*. It has long-travel suspension, it rides smoother, and yes—it's faster.

Welcome to 2009. It's a good year to be in *RANGER* Country.

RANGER RZR™

50" Razor-Sharp Performance
for Trail, Hunt, and Sport.

NEW RANGER RZR S

60" Razor-Sharp Performance
for Desert or Dunes.

HARDEST WORKING EVER.

The Polaris *RANGER*™ raised the bar in the first place. Naturally, it's the first to jump over it. Whether you're comparing it to earlier *RANGER* models or to its current competition, the conclusion is the same: the new *RANGER* is the hardest working. Hands down.

BEST POWER & TOP SPEED

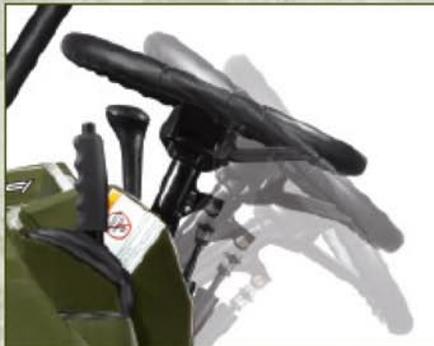

Whether you go with the 500 EFI (41 mph) or the 700 Twin EFI (50 mph), you get incredible low- and mid-range torque, plus a top speed that's class-leading and buddy-beating. Electronic Fuel Injection ensures fast starts at all temperatures and reliable power at high altitudes.

BEST HAULING & TOWING

Haul up to 1,000 lbs. Tow up to 2,000 lbs. *RANGER* gives you unbelievable hauling and towing ability. Plus the exclusive Lock & Ride® cargo system, with quick-attach cabs, plows, and accessories, allows you to customize your *RANGER* in minutes.

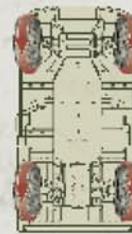

NEW! EASIER STEERING EFFORT

For 2009, *RANGER* is easier to steer. In fact, it requires 50% less effort when maneuvering through tight turns in 4-wheel drive. It's also easier to steer than other utility vehicles. Plus, new for 2009, the *RANGER HD*™ comes with electronic power steering.

BEST ALL-WHEEL DRIVE TRACTION

Only *RANGER* gives you On-Demand True All-Wheel Drive. Over rough terrain, it automatically locks in all four wheels when you need forward traction. Other utility vehicles are only 3-wheel drive or make you stop to lock into 4-wheel drive, causing you to lose momentum and possibly get stuck.

RANGER

COMPETITION

When more forward traction is needed, On-Demand True All-Wheel Drive (AWD) automatically sends full torque to all four wheels. Competitive vehicles with limited-slip front differentials are 3-wheel drive.

NEW! BEST ERGONOMICS & STORAGE

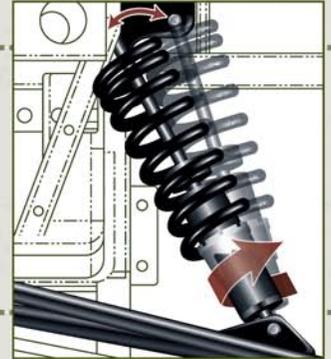

RANGER seats three. All others? Two. *RANGER* has a redesigned cab with even better ergonomics—more leg space, more elbow room, plus tilt steering and new wheel and pedal placement. There are also huge in-dash compartments for 140% more storage, plus a removable underseat storage box (on XP and HD models). Now that's hard-working.

SMOOTHEST RIDING EVER.

RANGER has always made the smoothest-riding utility vehicles, but this year is different. We re-engineered our suspension to near perfection, giving you the most comfortable, most level, and most consistently smooth ride of any *RANGER*—or any other vehicle in its class.

NEW! DUAL A-ARM FRONT SUSPENSION

New Dual A-Arm Front Suspension* reduces steering effort by up to 50%. It's also fully adjustable for trail riding, light-duty work, or heavy-duty work. It has preload adjustment, plus two upper-shock mounting points (also on rear shocks) to adjust motion ratio. You can stiffen the front suspension for plows or front-mounted accessories, the rear suspension for spray tanks and heavy material, or adjust both front and rear for cab use.

NEW! MORE SUSPENSION TRAVEL

RANGER invented the smooth ride. Now it's better than ever, with 9.6" of front suspension travel and a bump-absorbing 9" of travel in the legendary *RANGER* Independent Rear Suspension.

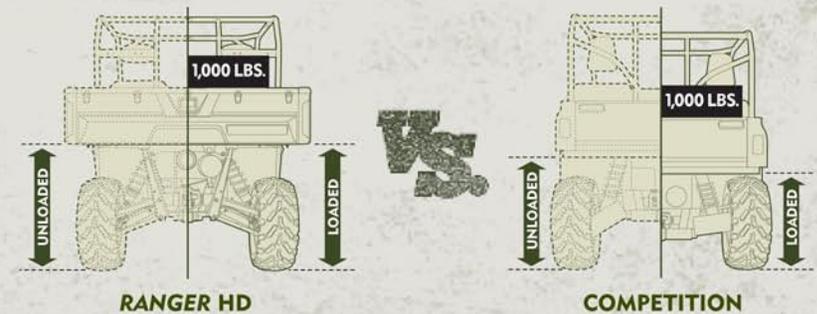

NEW! HIGHER GROUND CLEARANCE

Ground clearance is also at an all-time high: a full 12" with the box empty and 10" with 500 lbs. in the box.

NEW! SELF-LEVELING REAR SUSPENSION

The all-new *RANGER* HD is the first utility vehicle with Self-Leveling shocks, eliminating rear-end squat when carrying heavy loads. Put up to 1,000 lbs. in the box. When the *RANGER* HD starts moving, the Nivomat®† shocks start working, automatically adjusting the box to near its unloaded height. That maximizes suspension travel and ground clearance, keeping the ride smooth during all kinds of heavy-duty applications.

Professional driver on closed course under controlled conditions. Do not attempt.
Vehicle is shown with optional accessories.

5

**THE RUGGEDLY RE-ENGINEERED
RANGER XP™ NEVER LETS UP.**

- ▶ **NEW!** Dual A-Arm Front Suspension.
- ▶ **NEW!** Easier steering; new tilt steering wheel.
- ▶ **NEW!** More comfort, leg room, and in-dash storage.
- ▶ **NEW!** Front-end styling and heavy-duty protection.
- ▶ Exclusive On-Demand True All-Wheel Drive.
- ▶ Huge 3/4-ton payload and 1-ton towing.

For hunting, farming, ranching, and off-road work of all kinds, the new *RANGER XP* is the ultimate for Xtreme Performance.

RANGER XP

A NEW DEFINITION OF XTREME PERFORMANCE.

NEW! DUAL A-ARM FRONT SUSPENSION

Up to 50% easier steering, virtually no harsh feedback over bumps, and superior ground clearance. The RANGER XP™ gives you all that and more, thanks to a new Dual A-Arm Front Suspension. Best of all, it's adjustable, with spring preload and two top-mounting points for each shock. You can adjust suspension stiffness to the task at hand and the terrain ahead.

NEW! CAB DESIGN ADDS COMFORT

- ▶ **NEW!** More leg room; new steering-wheel and pedal ergonomics.
- ▶ **NEW!** Tilt steering with the highest range of motion for a customized ride.
- ▶ **NEW!** Redesigned seat that's angled back for car-like comfort plus seating for three.
- ▶ **NEW!** Relocated parking brake for easy use in or out of the cab.

NEW! MASSIVE STORAGE

An oversize glove box, three huge open compartments, and a space for smaller items. That's 140% more storage than last year and 46% more than the leading competitor. There's also an extra-large, removable storage box under the seat.

NEW! HEAVY-DUTY FRONT-END PROTECTION

- ▶ **NEW!** Upswept steel bumper deflects branches and trail debris.
- ▶ **NEW!** Headlights recessed to guard against flying rocks.
- ▶ **NEW!** Fully armored raised radiator and front differential.
- ▶ **NEW!** Central tow hook for pulling and dedicated tie-down points for trailering.

HARDEST WORKING.

40 HP, 700 TWIN EFI ENGINE

Big-torque power and industry-leading 50 mph/80 kmph top speed.

EXCLUSIVE ON-DEMAND TRUE AWD

When rough terrain demands more forward traction, *RANGER XP* automatically locks in and delivers full torque to all four wheels. No stopping, no buttons to push, no levers to flip.

MONSTROUS 1-TON TOWING

That's 700 lbs. more than the next-leading utility vehicle.

EXCLUSIVE LOCK & RIDE® CARGO SYSTEM

Customize your *RANGER™* with a quick-attach plow or cab or accessories like a gun scabbard, chain saw holder, tool holder, and more.

SMOOTHEST RIDING.

INDEPENDENT REAR SUSPENSION (IRS)

Our proven IRS keeps the ride smooth. Adjustable preload and two top-mounting points for each shock let you stiffen the suspension for heavy loads.

LONGEST SUSPENSION TRAVEL

Highest in its class: 9.6" in front and 9" in rear for a smooth ride over the roughest terrain.

HIGHEST LOADED GROUND CLEARANCE

Unloaded: 12". Loaded with 500 lbs. in the box: an incredible 10"! That's 3" more ground clearance than some competitive vehicles have when they're empty.

Vehicle is shown with optional accessories.

SUDDENLY HARDWORK IS NO SWEAT.

RANGER HD

9

THE ALL-NEW RANGER HD™ DOESN'T KNOW THE MEANING OF THE WORD QUIT.

The all-new RANGER HD has all the hard-working, smooth-riding features of our flagship RANGER XP,™ plus some new features that will make your workday seem like a drive in the country.

- ▶ **NEW!** Self-Leveling Suspension™ with Nivomat®† shocks.
- ▶ **NEW!** Variable-assist power steering.
- ▶ **NEW!** Available Lift & Carry™ attachments.
- ▶ **NEW!** Automotive-quality Turbo Silver paint.
- ▶ **NEW!** 26" PXT radial tires on 8-spoke aluminum rims.

THE HEAVY-DUTY CHAMPION OF UTILITY VEHICLES.

NEW! DUAL A-ARM FRONT SUSPENSION

Gives you virtually no harsh feedback over bumps and superior ground clearance. The new *RANGER*™ gives you all that and more, thanks to a new Adjustable Dual A-Arm Front Suspension. It's adjustable plus has spring preload and two top-mounting points for each shock. So you can adjust suspension stiffness to the task at hand and the terrain ahead.

NEW! CAB DESIGN ADDS COMFORT AND STORAGE

- ▶ **NEW!** More leg room; new steering-wheel and pedal ergonomics.
- ▶ **NEW!** Tilt steering with the highest range of motion for a customized ride.

EVERYTHING YOU NEED TO CUSTOMIZE YOUR RANGER™

Pure Polaris™ offers a complete line of accessories designed by the same engineers who build and test *RANGER* vehicles. Every accessory is made for a perfect fit and is built to last—just like your *RANGER*.

1 POLARIS® STEEL CAB SYSTEM

This is a durable, no-frills, all-steel-and-glass system. It features a visor for sun protection, fixed tempered-glass side windows, polycarbonate rear window, and optional steel doors with sliding windows. The durable weather sealing will keep you dry and comfortable for years of riding.

2 BESTOP®† SOFT-TOP CAB SYSTEM

Our cab system features industry-leading weather sealing for year-round comfort and protection. The soft-top cab system features easy convertibility with roll-up soft-glass side and rear windows.

3 BESTOP® HARD-TOP CAB SYSTEM

Our finest cab system features industry-leading weather sealing for year-round comfort and protection. The hard-top cab system has sliding rear and side-door windows for ventilation and interior sound insulation for a quieter ride.

UNIVERSAL CAB ACCESSORIES

Customize your cab system by choosing from a wide variety of accessories, including laminate-glass windshield (fixed or tip-up), heaters, wiper kits, speaker packages, lighting kits, mirrors, netting, custom seating, steering wheels, and much more.

PURE POLARIS

LOCK & RIDE® CARGO SYSTEM

Attach a fuel-can holder and tool rack for the job. Later, switch out to a cargo box and gun scabbard mount for the trails. Lock & Ride accessories give you instant-on, instant-off versatility, with no tools required or parts to lose. And only Polaris guarantees a perfect fit on every RANGER we sell.

LOCK & RIDE GLACIER® II PLOW SYSTEM

Put winter in its place. The Glacier II Plow System is built for the real world. Unique Lock & Ride design makes it easy on/easy off. The winch lift features a safety stop switch.

WINCHES

Tackling off-road obstacles is what RANGER does best. Maximize your vehicle's capabilities with the rugged and reliable pulling power of a Polaris or WARN®† winch.

THE BOSS®† PREMIUM SNOW PLOW

From the makers of premier, high-quality plows and plow accessories comes the one and only Boss Premium Snow Plow for your RANGER. Plow system features vertical lift, side-angle control, and down pressure and float mode. You can attach or remove it in under 30 seconds.

ON THE
TRAIL OR
WIDE **OPEN.**

**RAZOR-SHARP PERFORMANCE.
TWO DISTINCT PACKAGES.**

RED-HOT! GO-ANYWHERE RANGER RZR™

- ▶ 50" width makes it the only trail-capable* Side X Side.
- ▶ Ideal for trail riding, hunting, and sport riding.
- ▶ **NEW!** Heel pocket for better low-speed throttle control, plus covered underseat storage.

ALL-NEW! DUNE-DOMINATING RANGER RZR S

- ▶ **NEW!** Long-travel suspension for unmatched cornering and performance.
- ▶ **NEW!** Top speed of 63 mph for big-time bragging rights.
- ▶ **NEW!** Premium suspension, tires, rims, paint, and more.

Last year, we introduced the *RANGER RZR*—the most exciting and dominant off-road force in Side X Side history. And suddenly, there are two. Now you can choose the right adrenaline rush for whatever terrain you ride on with the **ALL-NEW RANGER RZR S** and the hotter-than-ever *RANGER RZR*.

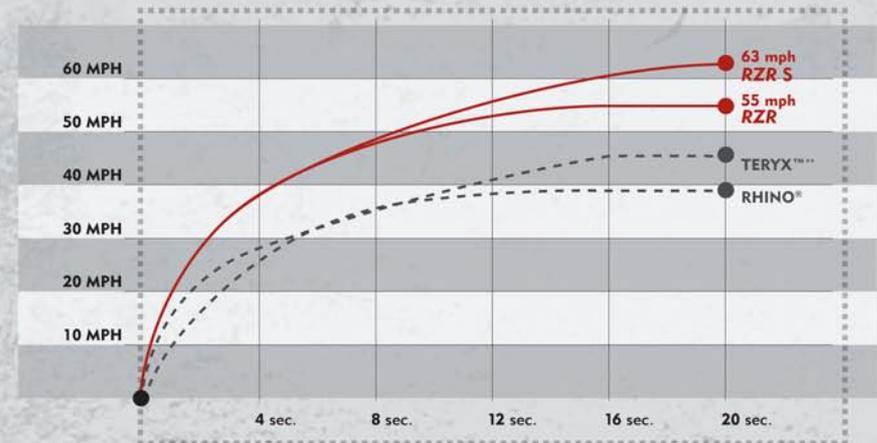

THE ONLY SIDE X SIDE FOR TRAIL, HUNT, AND SPORT.

- ▶ THE ONLY TRAIL-CAPABLE* SIDE X SIDE AT 50" WIDTH.
- ▶ QUICKEST ACCELERATION AND A 55-MPH TOP SPEED.
- ▶ LOWEST CENTER OF GRAVITY FOR UNPARALLELED AGILITY.
- ▶ ALL THE UTILITY YOU NEED.

MASSIVE POWER

The proven Polaris® 800 Twin EFI engine pumps out 30% more HP than a Yamaha Rhino®.** Add that to its lighter weight, and the RANGER RZR™ gives you a huge performance advantage—a massive 47% higher HP-to-weight ratio with unbeatable power and acceleration along with the fastest top speed.

* Check applicable laws for trail requirements.

** Rhino® is the registered trademark of Yamaha Hatsudoki Kabushiki Kaisha. Teryx™ is a trademark of Kawasaki Heavy Industries, Ltd.

NEW! ULTIMATE PERFORMANCE FOR WIDE-OPEN SPACES.

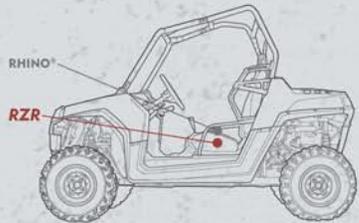

- ▶ **LONG-TRAVEL SUSPENSION FOR HUGE GROUND CLEARANCE AND AGGRESSIVE SPORT RIDING.**
- ▶ **QUICKEST ACCELERATION AND FASTEST TOP SPEED: 63 MPH.**
- ▶ **RAZOR-SHARP HANDLING, WITH 12" OF TRAVEL AND 12.5" OF GROUND CLEARANCE.**
- ▶ **TOTALLY ADJUSTABLE, HIGH-PERFORMANCE FOX PODIUM® X REAR SHOCKS.**

RANGER RZR S

LOWEST CENTER OF GRAVITY

The RANGER RZR and new RZR S use a patented design that positions the engine behind the seat, creating the lowest center of gravity. It's like you're riding on rails, with razor-sharp handling and performance.

RANGER RZR

COMPETITION

EXCLUSIVE ROLLED IRS

The Polaris rolled Independent Rear Suspension creates recessional wheel travel. Add that to 10" of boulder-clearing ground clearance (12.5" on the new RZR S), and you've got the smoothest, most comfortable ride on the trail, in the back country, or on the dunes.

◀ BEST ALL-WHEEL DRIVE TRACTION

Only RANGER gives you On-Demand True All-Wheel Drive. Over rough terrain, it automatically locks in all four wheels when you need forward traction. Other utility vehicles are only 3-wheel drive or make you stop to lock into 4-wheel drive, causing you to lose momentum and possibly get stuck.

GOES WHERE OTHER SIDE X SIDES FEAR TO TREAD.

The *RANGER RZR™* is the only Side X Side on the planet with the perfect width for trail riding, the ideal All-Wheel Drive (AWD) traction and maneuverability for hunting, and the ultimate in acceleration and razor-sharp handling for sport riding. And did we mention it goes 55 mph? The *RANGER RZR* does it all. Name your terrain, grab your helmet, and bring a friend.

TRAIL

A 50" width and the lowest center of gravity make *RANGER RZR* the only trail-capable* Side X Side on the market.

HUNT

With true AWD traction, 300-lb. cargo capacity, and 10" of ground clearance, it has the grunt to hunt.

SPORT

Best power-to-weight ratio, fastest acceleration, and lowest center of gravity. Nothing else compares—or even comes close.

COMPARE THE FACTS

THE KEYS TO RAZOR-SHARP PERFORMANCE.

800 TWIN EFI ENGINE—55 MPH

The proven Polaris® 800 Twin EFI engine pumps out 30% more HP than a Yamaha Rhino®. Add that to its lighter weight, and the *RANGER RZR* gives you a huge performance advantage—a massive 47% higher HP-to-weight ratio with unbeatable power and acceleration along with the fastest top speed.

TRAIL-CAPABLE 50" WIDTH*

Nearly 5" narrower than a Rhino® and just 2" wider than many ATVs, *RANGER RZR* goes anywhere an ATV can—and where other Side X Sides can't.

LOWEST CENTER OF GRAVITY

Low center of gravity means high-performance excitement. Thanks to its patented engine-behind-the-seat design, *RANGER RZR* delivers razor-sharp handling and performance.

ALL THE UTILITY YOU NEED

With a 300-lb. box capacity and exclusive Lock & Ride® accessories like the quick-attach rack, gun scabbard, and fuel-can mount, *RANGER RZR* works as hard as it plays.

RAZOR-SHARP FEATURES

Rolled IRS, All-Wheel Drive, Adjustable Seat, Tilt Steering, Adjustable Passenger Grab Bar, and a 3-point Safety Harness.

NEW FOR 2009!

- ▶ Heel pocket added for better low-speed throttle control.
- ▶ Covered underseat storage.

RANGER RZR S

SANDBLASTS EVERYTHING IN ITS PATH.

The all-new *RANGER RZR™ S* dominates the dunes, the desert, and all your favorite wide-open places. The *RZRS* specs say it all: 60" wide to stick the corners. 12" of bump-absorbing travel. Premium suspension for a smooth, sand-savvy ride. And a 63-mph top speed for ultimate Sport Side X Side bragging rights. The sand is hot. This is hotter.

Learn more at new**RANGER.com**.

Polaris **RANGER**™ vehicles are not intended for on-road use. Never ride on public roads; always avoid paved surfaces. Riding and alcohol/drugs don't mix. Avoid excessive speeds and sharp turns. Be particularly careful on difficult terrain. Follow all warnings and instructions in the owner's manual and the on-product warning labels.

On Polaris **RANGER** vehicles, each driver must be at least 16 years old with a valid driver's license to operate and each passenger must be at least five years old. Always wear a seat belt, eye protection, and protective clothing. Use a helmet when operating in an aggressive manner.

On **RANGER RZR**™ vehicles, each driver must be at least 16 years old with a valid driver's license to operate. Each passenger must be at least 12 years old and tall enough to grasp handholds and plant feet firmly on the floor. For your safety, always wear a seat belt, a helmet, eye protection, and protective clothing. Always use cab nets. Never carry more than one passenger.

All vehicles in action photography are ridden by professional riders in designated off-road areas.
